

**2018 John S. Dunn Foundation Collaborative Research Award Program for the
BioScience Research Collaborative**

Administered through the Gulf Coast Consortia

BRC-associated faculty eligible for the Dunn Collaborative Grant Program

Please note that in the event that a faculty member's BRC association status changes, prior approval will be required to replace them, and may result in the proposal not being reviewed and/or funded.

Please note: Members of any recipient team that received support in the 2013-2017 grant cycles are ineligible in the respective 2018 grant programs (research and event).

^R denotes previous recipients of a 2013-2017 Dunn Research Award and ineligibility in 2018 Research Award competitions.

^E denotes previous recipients of a 2013-2017 Dunn Event Award and ineligibility in 2018 Event Award competitions.
