

2018 John S. Dunn Collaborative Research Award Program: Proposed Budget

Please complete and submit one budget form, including each investigator on the proposing team; leave any unneeded forms blank. Feel free to submit individual budget forms to your OSR/OSP offices if required, but only one is required to be submitted with proposal. If an investigator is not requesting funds, the total direct costs for that investigator should be listed as \$0. **Unallowable costs include PI and co-PI salary and fringe, tuition remission, and indirect (F&A) costs.** The potential award amount (up to \$98,000) should be inclusive of all individual budgets, indicated by subtotals summing to \$98,000, or less.
