

Rui Chen, Ph.D., Professor, HGSC
Institutional Affiliation: Baylor College of Medicine

Email Address: ruichen@bcm.edu

Research Interests:

**Human/mouse retinal cell atlas; Single cell technologies;
High throughput functional assay and screen;
Genetics and therapy of neurodegeneration disease**

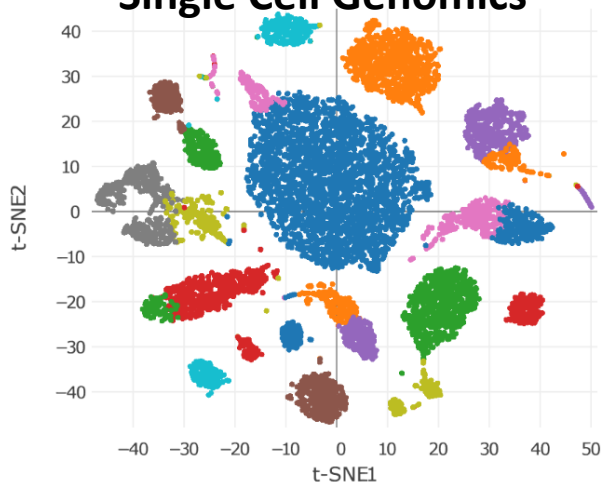

Strengths or unique resources:

**Genomics, human genetics, mice models, single cell, bioinformatics
Director of the Single Cell Genomics Core at BCM**

Type of collaborator you seek:

**Human sample bank; HT functional assay; Neurodegeneration
models**

Single Cell Genomics

Neurodegeneration Models
