

MARGARET M. & ALBERT B. ALKEK
DEPARTMENT OF
MEDICINE
INFECTIOUS
DISEASES

Infectious Diseases Translational Investigator
Baylor College of Medicine
Houston, Texas

The Section of Infectious Diseases, Department of Medicine at Baylor College of Medicine is seeking qualified scientists at the Assistant, Associate or Professor level. Qualified applicants with MD, MD/PhD and PhD degrees are eligible to apply. Successful applicants will have a track record of NIH or other external research funding. Scientists with research portfolios in vaccine translational and clinical research, respiratory or gastrointestinal viruses, human immunology and pathogenesis, and sexually transmitted infections are preferred as they will synergize with Baylor's outstanding resources, strengths and current funding. Competitive recruitment packages are available.

Physician applicants must be board certified in Infectious Diseases and possess or be eligible for a Texas Medical License. The physician scientist will also participate in patient care and will educate and supervise research and clinical trainees.

This is an exciting opportunity to join a top medical and research institution located in the Texas Medical Center, the largest medical center in the world. Baylor College of Medicine is an intellectually exciting, collegial, and supportive environment with a Vaccine Research Center including a NIH-funded Vaccine and Treatment Evaluation Unit, >25 NIH-funded advanced technology core laboratories, robust graduate and post-doctoral programs and extensive opportunities for inter-departmental and inter-institutional collaboration. Houston offers excellent educational, cultural, sporting and recreational facilities. The region is one of the most culturally diverse in the country. Not a J-1 opportunity. Email cover letter and *curriculum vitae* to Dr. Thomas P. Giordano (tpg@bcm.edu) and Ms. Catherine Sheppard, Catherine.Sheppard@bcm.edu.

Baylor College of Medicine is an Equal Opportunity, Affirmative Action, Equal Access Employer.
